**POLICE SEEK YOUR ASSISTANCE**

**(Haldimand County, ON) This past weekend, debris was reported thrown from the Stirling St., overpass on the Highway 6 bypass, Caledonia, Haldimand County. Overpasses are often a locality for mischief or vandalism and it is not uncommon for communities with overpasses to deal with these types of incidents. Throwing debris from an overpass can cause serious injury or death, let alone substantial damage. Anyone caught throwing debris can face serious criminal charges. Haldimand County OPP is asking the public for assistance with these incidents to find the culprits responsible for such crimes. If you see a parked vehicle, unusual behavior or suspicious persons upon any overpass at any time, call police. Your extra set of eyes can make a difference. In most cases, the culprits flee after their mischievous actions, so look for description of vehicle/person and direction of travel if possible. Call 911 in an emergency and if you are reporting after the fact, call 1-888-310-1122. IF YOU SEE SOMETHING, SAY SOMETHING.**
