Bob:

Today we had another flare-up in Caledonia spearheaded by Mchale. As the event unfolded things turned ugly and some violence erupted. McHale and a few others continue to converge on Caledonia to basically create mischief. We had to call in resources to quell the aftermath of his nonsense once the occupiers began to retaliate by blocking off a public highway. All in all, but for McHale and his few supporters Caledonia is a relatively peaceful place.

Please assign a CIB inspector to oversee the investigation of today's events and ensure that whatever criminal charges or whatever else fits that they be laid forthwith. Furthermore, I want every avenue explored by which we now can bring McHale into court seeking a Court Order to prevent him from continuing his agenda of inciting people to violence in Caledonia. We should be able to prove to the Court that McHales' forays into Caledonia have been planned and executed for purposes of breaching the peace which today also resulted in violence. We can't allow this vicious cycle to continue to the point where time and again we have to expend an inordinate number of police resources to keep people from killing themselves.

To date, added policing costs are in the area of \$500,000 solely attributed to McHales' forays into Caledonia.

One final point, I don't want us to get sidetracked by Crown lawyers on this. We need to be guided by the long established RPG criteria and not be constantly frustrated by timid Crowns who seem to only get charged up when they have a sure prospect of conviction.

Thank you.
