### **Caledonia 8 invite PC Leader Tim Hudak to March in Caledonia against racism**

The Caledonia 8 – which includes members of CANACE, the Caledonia Victims Project and courageous residents of Haldimand County - call upon PC leader Tim Hudak to help them take a stand against institutionalized racism in Ontario and, in particular, against the McGuinty government's racist policies that have victimized so many in Haldimand County.

The Caledonia 8 are extending an official invitation to PC leader Tim Hudak to march side-by-side with them in Caledonia during the month of March on a date of his choosing.

The principles of Rule of Law and equality under the law are fundamental principles of grassroots conservative people. As such the issues surrounding Caledonia must be key to the Conservative party's efforts to rid Ontario of McGuinty's racial policing policies.

The Caledonia 8 are also extending an invitation to provide Mr. Hudak with an advance tour of Caledonia beforehand to help him understand exactly what has happened and where. In addition Mr. Hudak will be provided with information to show the terrible economic harm done to Haldimand County.

In the spirit of moving towards a positive resolution that ensures there will be no more Caledonias in the future, the Caledonia 8 would also like to discuss how best to implement the 'Caledonia Act' recommendations which were released at our February 10th news conference at Queen's Park.

The Caledonia 8 look forward to Mr. Hudak informing us what day would be best near the end of March that would allow him to march side by side with average citizens in the hopes of restoring Law and Order and the Freedoms of every citizen.
